## Less does more

Hello,

I'm delighted to be able to introduce an innovation in footwear – an invention that I am excited about and one that has given me immense satisfaction.

My name is Tommy Bray and for the duration of my 35 year career in the footwear business, I have worked to deliver and improve our customers' comfort experience. The one complaint that I have heard time and time again is that although their favourite footwear starts off so comfortable, it soon flattens and gives way to a less than desirable wearing and comfort experience. While frequently improved, a permanent solution to this problem has eluded me – until now.

Welcome to Everywear™ technology.

My team and I have worked exhaustively to deliver a technology that is beautifully lightweight, incredibly durable, permanently cushiony and forever delivering of that first time wearing experience of truly comfy footwear – like a favourite jumper or pair of jeans after years of use. No getting to know them or breaking them in, just simply perfect from the moment they're put on - each and every time.

Sincerely

A handwritten signature in black ink that reads "Tommy Bray".
